**NAME:** Phil Jarratt

**ROLE:** General Manager / Principal Consultant

**SECURITY CLEARANCE:** SECRET

Phil is currently the General Manager of LES and is responsible for the policy, direction and management of all aspects of the company.

Phil completed 24 years Service in the Army as a Captain. During his service he gained a broad range of experience in numerous land, logistics and training commands including two years experience in the design, development and delivery of Corps doctrine and management and technical training at the Engineering and Management Wing of the Army Logistic Training Centre. During this time he was responsible for the design, development and delivery of technical reports, problem solving, leadership, motivation and instructor training. He served for five years as a member of the former Maintenance Engineering Agency (MEA) and Directorate of Capital Procurement – Melbourne (DCPM) holding responsibility for the management and authoring of EMEI for various equipment.

Since separating from the Defence Force Phil has continued his association through providing consulting services to Defence and industry on a variety of capital acquisition and in-service support projects including the authoring of EMEI's. Phil is a skilled instructor able to convey ideas and information to all levels and inspire participants to achieve their best.

Phil also provides specialist services as a principal consultant and has achieved excellent results on a number of major project tender submissions for prime contractors.
